

Weekly activity grid

Week beginning: 11/05/2020

** Indicates activities which are linked. The subject links are included to help you find which column to look in.

	Literacy	Numeracy	Health & Wellbeing	Science & Technology	Expressive Arts				
<p>Early level (Generally Nursery to Primary 1)</p>	<p>Spend some time every day sharing / reading / looking at a book, comic or magazine of your choice.</p> <p>With help write in your news diary twice a week.</p> <p>Game - What's my sound? - 2 player game. Player 1 says a word and player 2 identifies the sound at the END, they get a point if it is correct. Then player 2 says a word and player 1 identifies the sound. Carry on. This could also be played like bingo where a child is waiting to hear one of a few selected sounds.</p> <p>Choose one of your favourite books. Make up a different ending for it. Draw your new ending. Extension - Try to write at least one sentence about your new ending. Remember to ask your grown ups if there are any tricky words to write.</p>	<p>20 minutes of Sumdog 3 times a week.</p> <p>With help, find some objects which will float or sink. This could be fruit or other objects which are okay to get wet. Guess whether you think they will float or sink. Do you notice anything about the objects which float and sink? With help, make a grid with two columns. See below.</p> <table border="1" style="margin: 10px auto;"> <thead> <tr> <th>floats</th> <th>sinks</th> </tr> </thead> <tbody> <tr> <td style="height: 100px;"></td> <td style="height: 100px;"></td> </tr> </tbody> </table> <p>Now draw pictures of things which float and sink under the correct headings in the table.</p>	floats	sinks			<p>1 hour of physical exercise every day.</p> <p>Plan a fruit or vegetable salad for you and your family to enjoy. Make a list of all the ingredients you will need for it, either by drawing or writing the words. If you have the ingredients at home, you could make the salad. Think about all the steps you take for hand washing before you prepare the food.</p> 	<p>Look outside in your garden or on your daily walk and see how many different plants you can find. Look at the shapes of their leaves. Draw round some of them. Try growing your own plant! Place a bean or cress seeds on damp paper towels and place in a freezer bag. (Pinto beans or other dried beans work well) Tape it to a window so it gets lots of light. Add a bit more water every few days to keep the paper towel damp. It starts to grow in just a few days! Keep for a week or two and see how tall your plant will grow! (Have a family competition - who will grow the tallest plant?)</p> 	<p>** See Science & Technology** - Using the images you found online of different insects draw a detailed black pen or pencil picture of at least one of the insects you researched.</p> <p>Practise the songs "Welcome Everybody" and "Build Up" for assembly this week. See link</p>
floats	sinks								

	<p><i>*Please see Google classroom / email (if you can't access classrooms) for literacy tasks which will be set by your child's teacher twice a week.*</i></p>	<p>Extension - write the words to go with each floating/sinking object you draw.</p> <p>Make a set of cards with all the numbers to 20 and cut them out. Use the cards to make a number line by pegging each number to a piece of string or ribbon. Try muddling up the numbers and then putting them in the correct order. Try putting them smallest to biggest number and then biggest to smallest. Look for the number before, the number after, number between, one more, one less.</p> <p><i>*Please see Google classroom / email (if you can't access classrooms) for numeracy tasks set by your child's teacher three times a week.*</i></p>		<p>** See Expressive Arts** - How many insects can you find in your garden/when out for a walk? If you don't spot some outside, check them out online. How many can you name? Watch a video clip about insects - see link below : https://www.bbc.co.uk/bitesize/clips/zq3yqk7</p>	
	Literacy	Numeracy	Health & Wellbeing	Science & Technology	Expressive Arts
<p>First level (Generally Primary 2 - Primary 4)</p>	<p>30 minutes of reading a day, a text of your choice.</p>	<p>Sumdog three times a week.</p> <p>Write some number questions for addition and subtraction up to 20 for someone in your house to answer. If</p>	<p>1 hour of physical exercise every day!</p> <p>Kindness Vouchers Make up vouchers for members of your family to use throughout the week.</p>	<p>Learn about plants - watch the video clips and complete the quiz and activity.</p>	<p>Make some music- Write some song lyrics, or change some lyrics of a popular song. Perform it to your family.</p>

Sumdog spelling/grammar twice a week.

Write in your news diary twice a week.

Writing - Make up a top 10 list, e.g. top 10 characters from books, top 10 sportspeople, top 10 musicians, etc. **Extension** - explain why they have made the list.

How do you use it? Write instructions to teach people how to use something that you can see at the moment. **Eg** - Using a pen. Pick up the pen, take the lid off or click the top. Turn the pen point down and press it against the page.

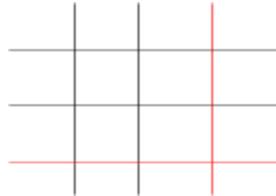

Complete two daily maths tasks in your Google Classroom.

confident, can you write a word problem for someone to solve?

Make up a maths quiz for your family. Don't forget to make an answer sheet too!

Complete three daily maths tasks in your Google Classroom.

Noughts & Crosses
Play noughts and crosses. Play again but try adding more spaces onto the board, how does that change the game?

e.g make dad a cup of tea. Free hug whenever you need one. Set/clear the table. Match up all the socks!

Play family board/card games.

<https://www.bbc.co.uk/bitesize/topics/zk7h34j/articles/zkqnschw>

Draw a poster of a plant and label the different parts.

Try growing your own plant!
Place a bean on a damp paper towel and place in a freezer bag. (Pinto beans or other dried beans work well)
Tape it to a window so it gets lots of light. Add a bit more water every few days to keep the paper towel damp. It starts to grow in just a few days! Keep for a week or two and see how tall your plant will grow! (Have a family competition - who will grow the tallest plant?)

Technology -
Simple Coding

Practise our songs for assembly! *Welcome Everybody and Build Up.*

Make a sock puppet. Use buttons, wool etc. Once made have your puppet mime along to your favourite song.

Play charades with your family.

				<p>Use chalk to draw a grid of 6 x 6 squares on a drive way, path or pavement. (if you have no chalk then make task small scale on a bit of paper and move a counter instead of a person!)</p> <p>Make a start square. Colour some squares - or put objects on certain squares e.g teddy, lego, doll</p> <p>Parent is a robot - you have to direct your robot to the square with the teddy. Use only coding language - forward 1 square, turn left, forward 2 squares. The robot can only move where you say. See if you can get your parent to the objects! (Good practice for knowing your left and right!)</p>	
	Literacy	Numeracy	Health & Wellbeing	Science & Technology	Expressive Arts
Second level (Generally Primary 5 to Primary 7)	<p>Daily reading half an hour a day continued.</p> <p>Watch Newsround everyday.</p> <p>Write in your diary.</p>	<p>Sumdog Highland Maths Competition</p> <p>•Number of the Day</p> <p>Choose the 4 digit, 5 digit or 6 digit number</p>	<p>Joe Wicks fitness.</p> <p>**Choose one aspect of the coronavirus plan and create a poster to persuade people to follow it. Make it bold and clear and explain</p>	<p>**Shape: Make a Lego / junk model sculpture and try to draw it from different angles. Try to draw it side on, from above like a birds-eye-view and then a 3D drawing. Can you work</p>	<p>. ** Act out your poster form HWB / literacy. Be creative and persuasive as if you were advertising it on tv.</p>

	<p>P7 personal projects continued.</p> <p>Sumdog spelling twice a week.</p> <p>Spot facts and opinions in news articles online or when you watch Newsround. A fact can be proven, an opinion is what someone thinks.</p> <p>**Choose one aspect of the coronavirus plan and create a poster to persuade people to follow it. Make it bold and clear and explain why. E.g. stay at home or wash hands.</p>	<p>https://mathsstarter.net/numoftheday/versions</p> <p>**Shape: Make a Lego sculpture / junk model and try to draw it from different angles. Try to draw it side on, from above like a birds-eye-view and then a 3D drawing. Can you work out how many bricks (or objects) you used?</p>	<p>why. E.g. stay at home or wash hands.</p>	<p>out how many bricks (or objects) you used?</p> <p>Light and rainbows - Make a rainbow in a glass</p> <ol style="list-style-type: none"> 1. Fill a glass with water 2. Hold the glass up to the sunlight and over a piece of paper twist the glass until you see a faint band of colours on the paper - your very own rainbow! 3. Explain how this happens. <p>Answer - light is made up of different colours when it shines through water; it is split up into the colours of a rainbow. This is what happens when you see rainbow in the sky.</p> <p>Extension - Make a rainbow in the dark. How could you do this? Shine a torch through a glass of water in a darkened room and twist the glass until a rainbow appears on the wall.</p> <p>Paint a rainbow</p> <ol style="list-style-type: none"> 1. Place a glass of water in bright sunshine next to a piece of paper. 2. Turn the glass until a rainbow shines clearly on the paper. Brush coloured paints over 	<p>Art - collage. Investigate different types of rubbings in your house /around your garden. Eg bricks, leaves, wooden fences. Which ones work well? Try cutting them all out and making a collage with it.</p> <p>Choose your favourite song and create a dance or workout routine. Teach it to someone in your family.</p>
